

PACK PROFI 161-21401

Manual tape dispenser

Technical Data Sheet

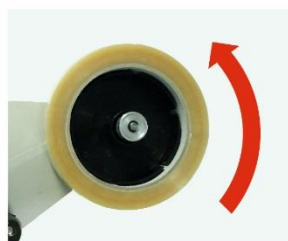

The dispenser 161-21401 is a professional manual tape dispenser used for the sealing of cartons and packages. With its roller brake it is especially suitable for an easy tape dispensing. Two contact pressures allow an especially simple and smooth tape application. The tape cut-off is implemented by activating the release inside the handle, thus protecting the user from injuries.
